## *To Our Parents*

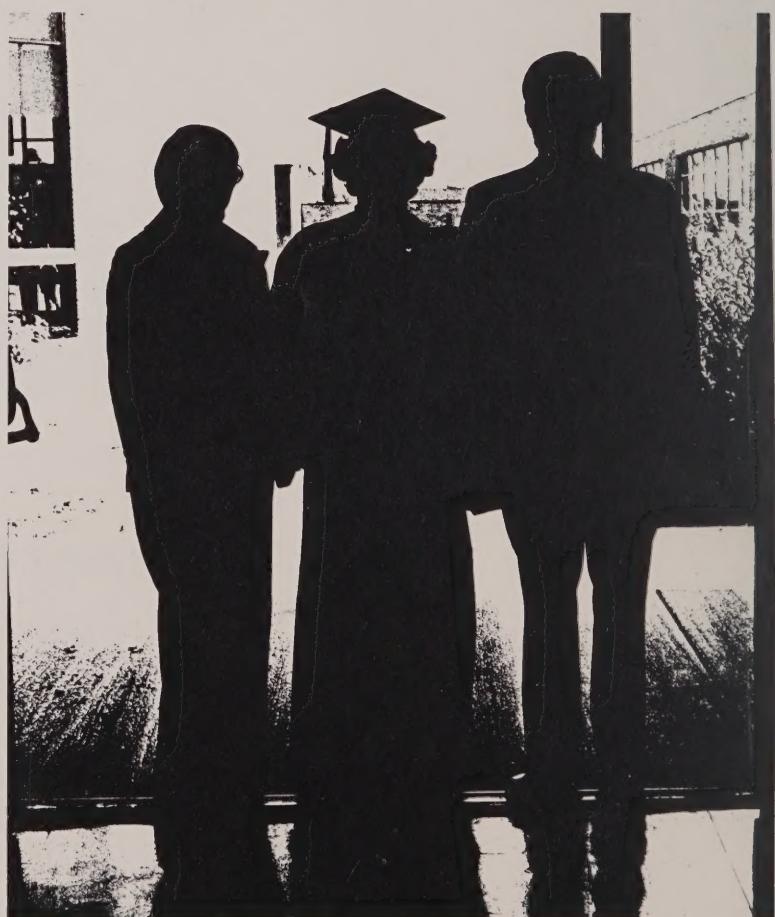

Long ago, far away  
you held my hand one bright fall day.  
I stood in new clothes, clean and neat;  
watched as the bus turned down the street.  
Now the bus was coming near,  
I glanced at you and saw a tear.  
I wasn't sure why you should cry—  
... too excited to ask why.  
So off I went to kindergarten—  
crayons, blocks, cut-out milk cartons.  
Spelling tests, geography places,  
Jack, Jane and Spot were familiar faces.  
The drawings stuck on the 'fridge door,  
The gold stars on our forehead we wore.

The years rolled by and before you knew,  
I was ready for high school, exciting and new.  
A new experience for me and you,  
remember the fights over curfew?  
Dances, parties, movies, plays,  
you worried all along the way.  
Those high school years all in a haze,  
I heard so often, "It's just a phase."  
You helped me through those awkward years;  
you picked me up, you dried my tears.  
The steps of learning were high and wide,  
But I had you standing by my side.

Today again, you hold my hand;  
in cap and gown I proudly stand.  
I see a tear glisten in your eye,  
But now I know the reason why.  
There is but one thing I wish to say  
on this my graduation day—  
Without the hope and love from you,  
I never would have made it through.

Lisa Hupfer

For everything, it's season,  
and for every activity under  
heaven, it's time.

A time to be born  
and a time to die,  
to plant and to uproot,  
to kill and to heal,  
to pull down and to build up.

A time to weep  
and a time to laugh,  
for mourning and for dancing,  
to scatter stones and to  
gather them,  
to embrace and to refrain  
from embracing.

A time to seek  
and a time to lose,  
to keep and to throw away,  
to tear and to rend,  
for silence and for speech,

A time to love  
and a time to hate;  
A time for war  
and a time for peace.

## THE BIRTH OF A NEW HOPE

These days and times

When man is emotionally insecure and hollow

Needs the love and guidance from others

-To give of himself-

His unique subliminal potentialities

Which are reflected through his virtues and values

The threshold of mankind

Can only be unmasked

When one realizes

He, too, is capable of loving and helping others

Hence; man becomes aware of himself, and his  
importance in life as a person

To develop and demonstrate his qualities

-To give of himself-

Consequently, a cycle is formed

Communication between ourselves is complete

Peace and brotherhood can become a reality  
rather than an ambiguous ideal.

a piece of original  
philosophy, written  
by Peter Lebel

# *Alternate Learning Program*

The Barnstable Alternative Learning Program, housed within Barnstable High School, is one of the choices a student may make to fulfill his high school requirements and prepare for future endeavors.

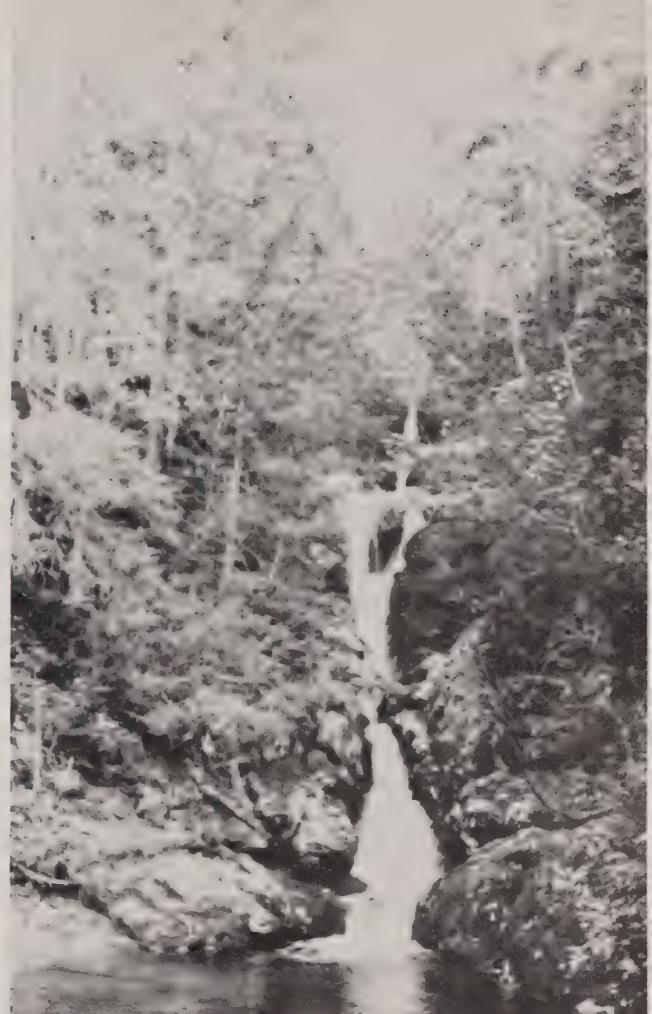

The philosophy of the program is to understand, accept and motivate each student as a whole person. As an educational institution, the A.L.P. values the differences of individuals and their environments and motivates each student to commit him/herself to a continuing process of growth. The school environment is one in which priority is given to the development of individual potential allowing each student to develop his/her own unique abilities and skills.

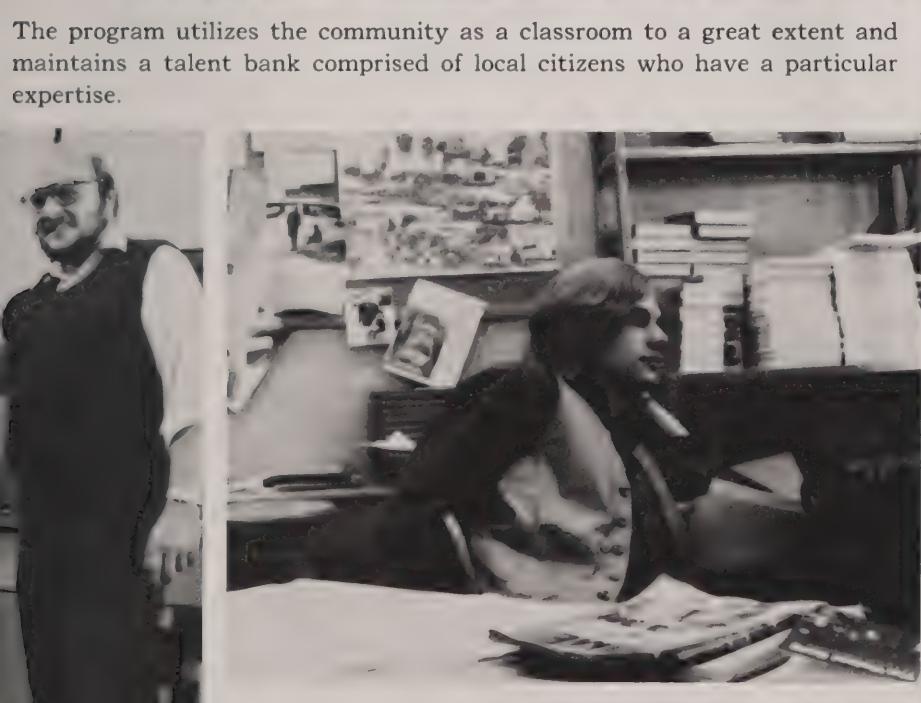

The Program offers college preparatory, general interest, and basic skills courses. Classes are small, informal, and based on mutual cooperation and trust. Many students take advantage of numerous field projects, work study, and independent learning situations.

Grades are arrived at through a process of discussion and negotiation between teacher and individual student and with other members of the course.

The teachers in the program have a wide variety of experiences and are highly trained in their fields. They also serve as individual and group counselors.

493 Main St., Hyannis

Dear Joe, Gordie, Bob, Paul, Rod, Jimmy, Tom, Mark, Dan, and Randy,

To you all I a heartfelt thank-you for your untiring contribution to the community of Barnstable. You have returned the breath of life back into sports here at Barnstable High School, especially football. Your performances on the field were exciting and inspirational, and your actions exemplified every good quality one could ever ask of an athlete. More importantly, you have set the stage for good things to come in the future.

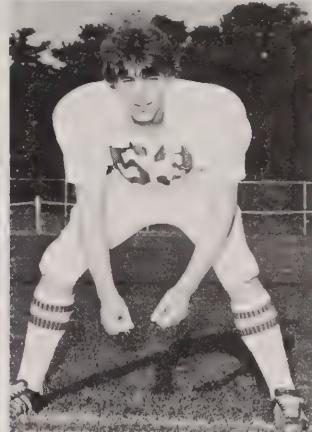

Although we did not have a winning season, you are far from being losers. You have certainly established yourselves as winners. Success can only be measured by what you have given to the team. You have given more than was asked of yourselves. Good luck as you start off on your own separate journeys in life. I know that we are better prepared to meet the tests of the upcoming season because we have been graced by your presence.

GOD BLESS YOU ALL!!

The Cross Country team, in the midst of a rebuilding period, had a difficult year. Bright spots included the first win, over New Bedford, in the middle of the year. On the final day of the season, the team scored a double victory by easily beating Sandwich and Cape Tech. This boosted the season's record to 3-6. This year's team was led by seniors Bill O'Neill, Bill Dalrymple, Brian Shuley, Brian Feeney and Rich Dienes. Juniors John Shea, John Alger and Dan Mullin rounded out the varsity.

\* stands for SMC division I League games.

Under the leadership of Captains Gary Couett, Brian McVey, and Mark Smith, this year's hockey team won the Southeastern Massachusetts Conference Division I League title for the FIRST time in the League's four-year history. The success of this year's team can be primarily attributed to the willingness of twenty young men to work, work and work some more! The results of their dedication were some exciting moments, some very satisfying achievements, and a season that will remain a proud memory for everyone for a long time.

The 1977 Varsity baseball team was the first Barnstable team ever to win a SMC I title. A tremendous effort by all members of the team made this a winning season. Individual honors were gathered by Mike Weller, Joe Ford, and Jeff Taylor, who all made the SMC I All-Star Team. These same young men including David Nickulas were chosen All-Cape and Island All-Stars.

# *Softball '77*

Seven returning seniors will make up the framework for the 1978 softball team. Six of them have worked together since they were freshmen: Donna DeRosa, Cindy Mueller, Avery Revere, Patty Robinson, Lori Taddeo, and Laurie Warren. (Sue Stockwell entered BHS as a junior.)

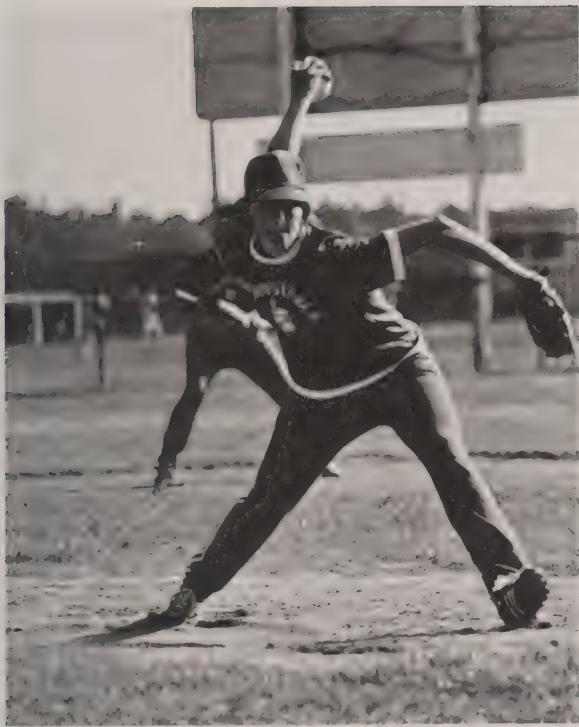

Throughout the past four years we have seen glorious victories and heartbreaking defeats. We remember the good times-winning our league, playing in the finals of the State Tournament-and the bad. But now, even the bad times seem good-six o'clock practices, long (?) rides to Taunton, practice in the rain.

Your enthusiasm and dedication has made my job easier. Thank you girls.

During the 1977 season, the track team competed in twelve dual meets in addition to the Falmouth Relays, State Relays, Falmouth Invitational and Division Meet. Within the Southeastern Massachusetts Conference Division 1, the league record was three wins and six losses; the overall record for the season was five wins and six losses.

The days one experiences in improving individual performances and in contributing to total team effort are well worth all the hard work and self-discipline. The girls' track and field team at Barnstable High School is truly an outstanding and dynamic example of the talent and devotion which young people have to offer today.

Although the Barnstable boys' tennis team started the 1977 season with only three returning lettermen, the team finished the season tied with Falmouth in first place in the southeastern Mass. (East) Tennis League. At the end of the season, the team advanced to the Quarter-finals of the state teams tournament before being eliminated by Duxbury 3-2.

Last year's tennis season was a good one as the team compiled a 13-won 6-lost record, tying Bishop Stang for second place in the league.

Marie Blaze was the number one singles player. She lost only 4 matches during the season and made two strong showings in the State Individual matches reaching the final sixteen.

This year's team should not be hurt by graduation as six of the first seven players are expected to return. Also, the team will be strengthened with the addition of freshman Cindy Ellsworth, currently a ranking New England Junior.

Do not mold me into an image of yourself,

For I must follow my own path.

If I fall down, do not always be there

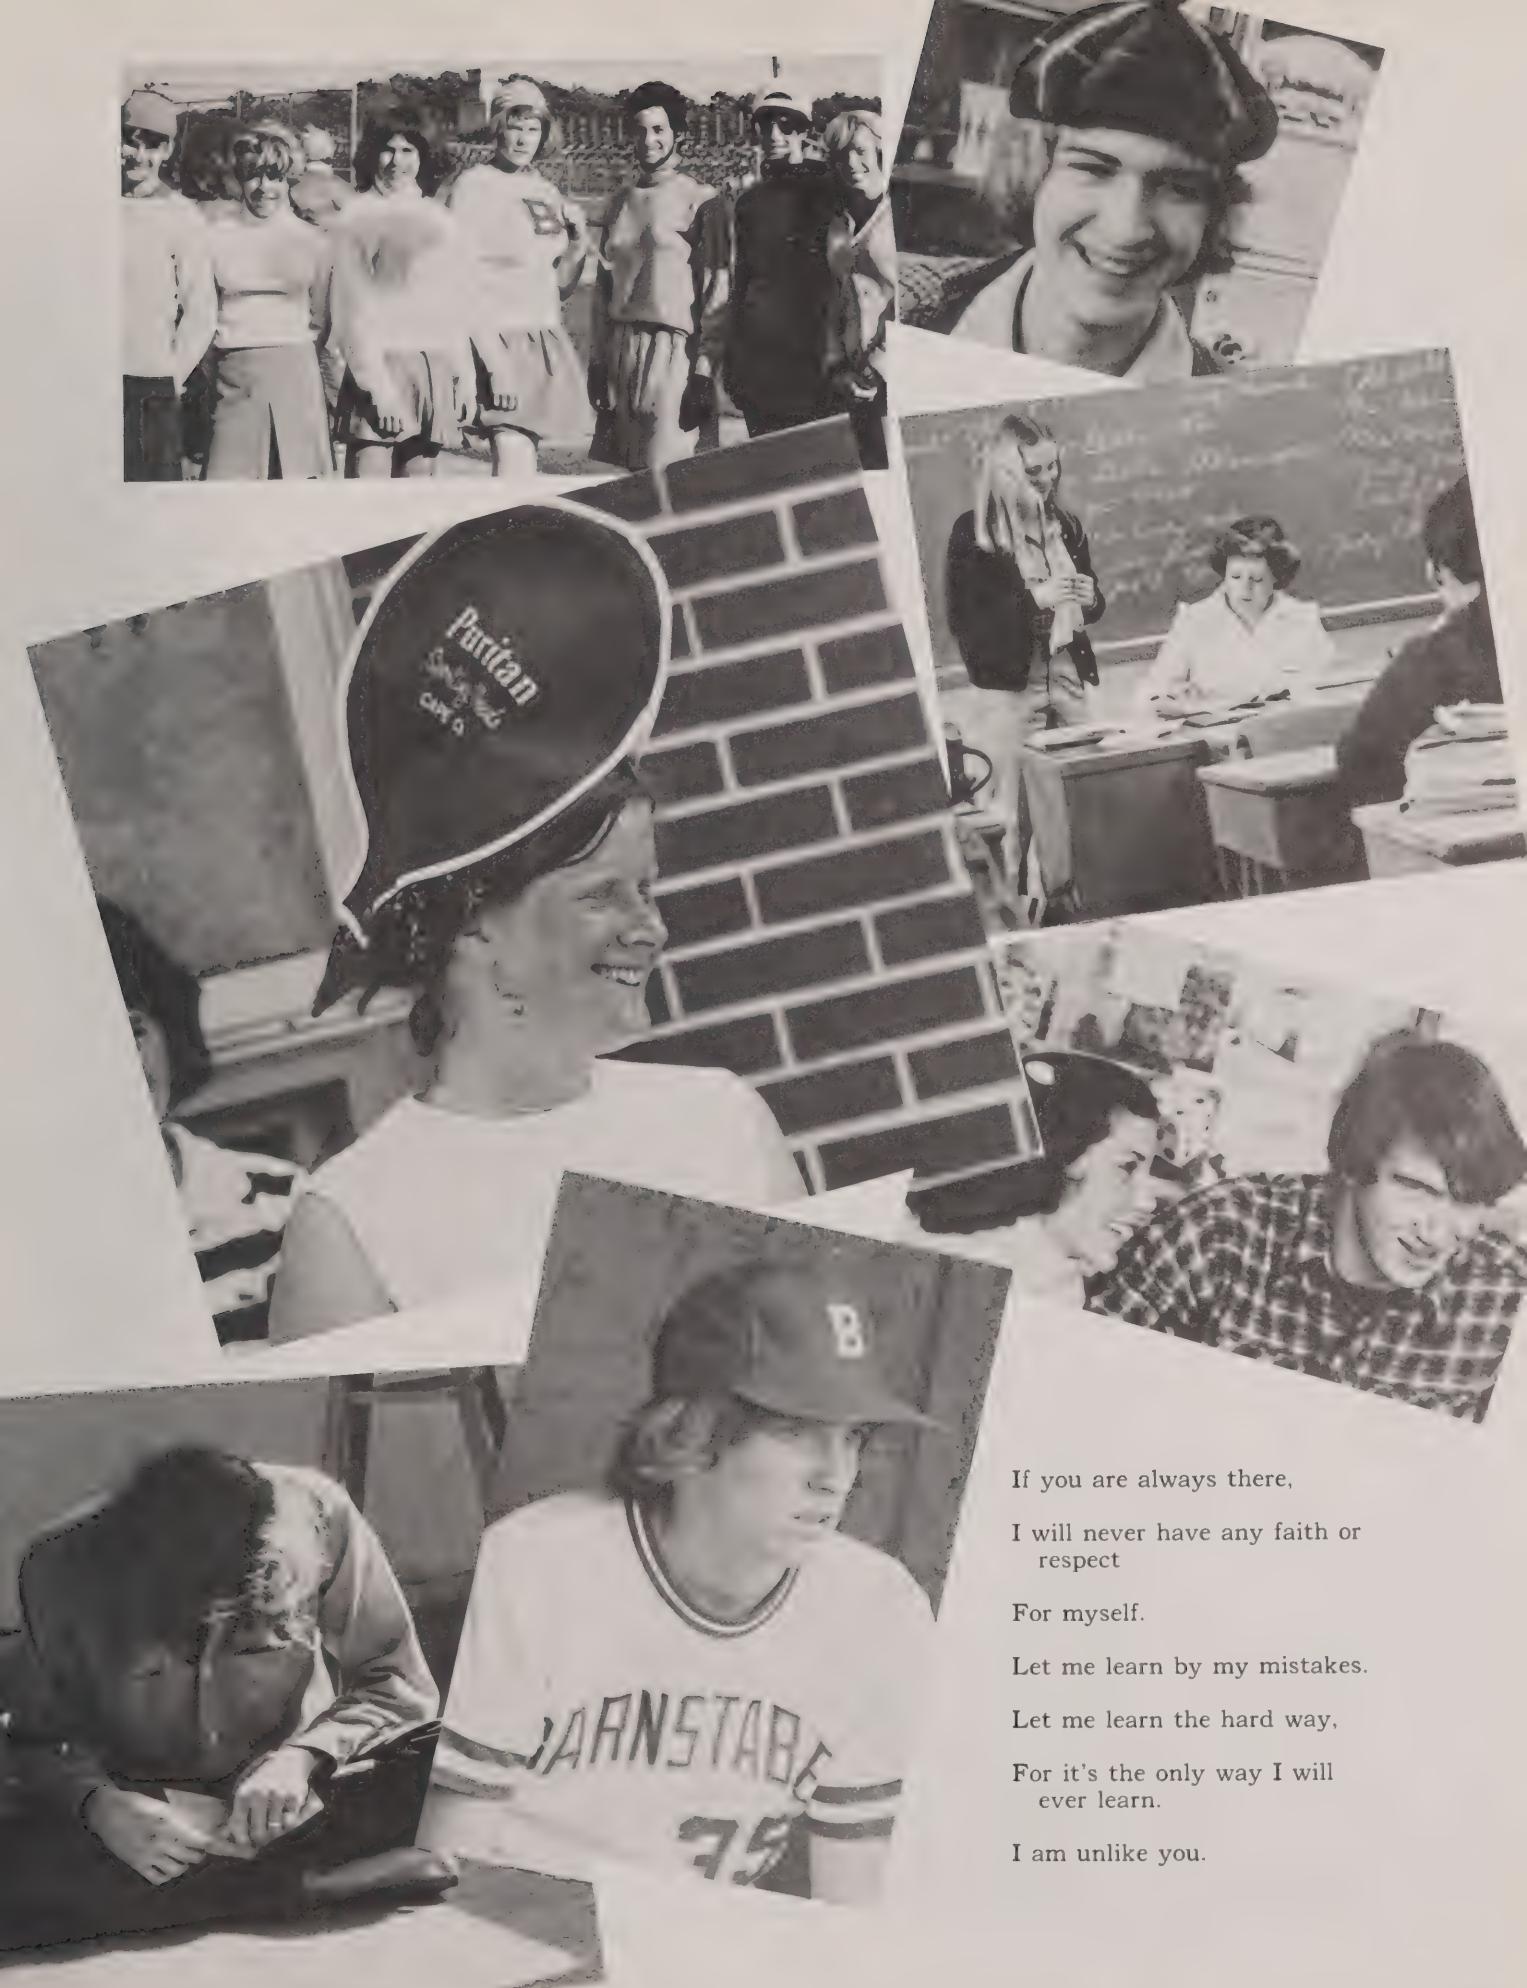

To pick me up.

I must learn to do things on my own,

For you will not always be by my side

To prod me on.

If you are always there,

I will never have any faith or  
respect

For myself.

Let me learn by my mistakes.

Let me learn the hard way,

For it's the only way I will  
ever learn.

I am unlike you.

You are a realist

While I—

I am a dreamer.

I will sit for hours  
thinking of what I  
might be

And of what I want  
in life.

So, do not mold me into  
an image of yourself.

Let me go along at my own pace

And on my own path.

—Deborah McGrath Lebel

CONGRATULATIONS TO THE CLASS OF 1978 FROM YOUR FRIENDS AT WCOD-FM STEREO 106

To be nobody-but-yourself in a world which is doing it's best, night and day, to make you everybody else-means to fight the hardest battle which any human being can fight: and never stop fighting.
